(Approved by PCI - New Delhi & Himachal Government)

Affiliated to Himachal Pradesh Technical University, Hamirpur & Himachal Pradesh Technical Shiksha Board, Dharamshala

REF NO. GCPH/HMR/2024-298A

DATE: 18/10/24

CIRCULAR

To: All B. Pharmacy and D. Pharmacy Students

Subject: Educational Tour to Baddi – October 21-22, 2024

Dear Students,

We are excited to announce a series of educational visits to Baddi, aimed at enhancing your practical knowledge and industry exposure in the field of pharmacy. The tour is scheduled for October 21-22, 2024, and includes the following activities:

1. Visit to Pharma Expo at Baddi University, Solan
2. Industrial Visit to Oxygen Laboratory, Baddi
3. Departmental Visit and Hands-on Training on Pharmaceutical Equipment at Maharaja Agrasen University, Barotiwala
4. University Departmental Visit for Equipment Demonstration at Baddi University

Accommodation:

Night stay arrangements will be provided in the hostels of Maharaja Agrasen University, Barotiwala, Baddi.

Important Details:

- Departure Date: October 21, 2024
- Return Date: October 22, 2024

Interested students confirm your participation by giving your names to your class in charges before 19/10/2024, 4:00PM. For any feel free to consult me.

Report on the Visit to Pharma Expo 2024 at Baddi University, Baddi, Solan

Date of Visit: 21st October 2024

Location: Baddi University, Baddi, Solan

Participants: Students of B. Pharmacy and D. Pharmacy, Gautam College of Pharmacy

Introduction

On 21st October 2022, students from Gautam College of Pharmacy, comprising both B. Pharmacy and D. Pharmacy programs, attended the Pharma Expo organized at Baddi University. The expo showcased various pharmaceutical companies and manufacturers of pharmaceutical equipment, highlighting innovative technologies and futuristic apparatus that promise to revolutionize the pharmaceutical industry.

Event Overview

The Pharma Expo served as a platform for students to engage with industry leaders and gain insights into the latest advancements in pharmaceutical technology. Numerous companies exhibited cutting-edge machinery and equipment designed to enhance drug manufacturing processes and improve overall efficiency in the pharma sector.

Welcome Address

Upon arrival, our students were warmly welcomed by Dr. Bhartendu, Head of the Pharmaceutical Chemistry Department at Baddi University. Dr. Bhartendu provided an overview of the expo's significance and encouraged students to explore the various exhibits actively. His guidance was invaluable, as he emphasized the importance of innovation in pharmacy and how these advancements could impact future practices.

Key Highlights

- **Exhibits:** The expo featured a diverse range of exhibits from leading pharmaceutical companies, showcasing advanced machinery such as automated filling systems, high-speed tablet presses, and cutting-edge packaging solutions.
- **Interactive Sessions:** Students had the opportunity to interact with representatives from various companies, asking questions and gaining firsthand knowledge about the functionalities and applications of the showcased equipment.
- **Networking Opportunities:** The event facilitated networking among students, faculty members, and industry professionals, fostering connections that could benefit future career opportunities.

(Approved by PCI - New Delhi & Himachal Government)

Affiliated to Himachal Pradesh Technical University, Hamirpur & Himachal Pradesh Technical Shiksha Board, Dharamshala

Learning Outcomes

The visit to the Pharma Expo proved to be an enriching experience for all participants. Students gained:

- **Practical Knowledge:** Insights into the latest technologies and their applications in real-world pharmaceutical settings.
- **Industry Awareness:** A deeper understanding of current trends and challenges in the pharmaceutical industry.
- **Career Inspiration:** Motivation to explore potential career paths within the pharmaceutical sector.

Conclusion

The visit to the Pharma Expo at Baddi University was a significant educational experience for the students of Gautam College of Pharmacy. It not only enhanced their understanding of the pharmaceutical industry but also inspired them to embrace innovation in their future careers. We extend our gratitude to Dr. Bhartendu for his warm welcome and guidance throughout the event.

This visit underscores our commitment to providing students with opportunities to connect theoretical knowledge with practical applications in the ever-evolving field of pharmacy.

Report on Department Visit and Practical Demonstration of Equipment to B. and D Pharmacy Students under MoU between Gautam College of Pharmacy, Hamirpur and Maharaja Agrasen University, Barotiwala, Baddi

Date: October 22, 2024

Venue: Maharaja Agrasen University, Barotiwala, Baddi

Participants: B. and D Pharmacy Students of Gautam College of Pharmacy, Hamirpur

Organized Under: MoU between Gautam College of Pharmacy, Hamirpur and Maharaja Agrasen University, Barotiwala, Baddi

Introduction

On October 21, 2024, a group of B. and D Pharmacy students from Gautam College of Pharmacy, Hamirpur, embarked on a visit to Maharaja Agrasen University, Barotiwala, Baddi. This visit was organized under the Memorandum of Understanding (MoU) between the two institutions, aiming to enhance practical knowledge and exposure to advanced pharmaceutical technologies.

Arrival and Accommodation

The students arrived at Maharaja Agrasen University in the evening of October 21, 2024. Upon arrival, they were warmly welcomed by the university staff and faculty. The students were accommodated in the university hostel, where they settled in for the night, preparing for the activities planned for the following day.

Practical Demonstration Overview

The main objective of the visit was to provide students with hands-on experience with advanced pharmaceutical equipment, specifically focusing on High-Performance Liquid Chromatography (HPLC) and an automated tablet compression machine. The practical demonstrations were conducted by esteemed faculty members from Maharaja Agrasen University:

- Dr. Mona Piplani - Principal
- Dr. Rajesh Kumar - Incharge of HPLC Lab
- Dr. Prof Shiv Kumar Giri - Incharge of Biotech Lab
- Dr. Jyoti Sharma - Incharge of Pharmaceutics
- Dr. Pankaj Bhateja - Director

GAUTAM COLLEGE OF PHARMACY HAMIRPUR (H.P)

(Approved by PCI - New Delhi & Himachal Government)

Affiliated to Himachal Pradesh Technical University, Hamirpur & Himachal Pradesh Technical Shiksha Board, Dharamshala

Activities Conducted

1. HPLC Demonstration

• Dr. Rajesh Kumar provided an insightful demonstration of the HPLC system. He explained the principles of chromatography, its applications in pharmaceutical analysis, and the significance of method validation. Students actively participated in observing sample preparations and running tests on the HPLC machine.

2. Automated Tablet Compression Machine

• Dr. Jyoti Sharma led the session on the automated tablet compression machine. She elaborated on the tablet formulation process, including granulation and compression techniques. Students were given the opportunity to operate the machine under supervision, gaining first-hand experience in tablet manufacturing.

3. Biotech Lab Tour

• Dr. Prof Shiv Kumar Giri guided students through the Biotech lab, showcasing various biotechnological tools and techniques used in drug development and research.

Feedback from Students

The students expressed immense gratitude for the opportunity to engage with state-of-the-art equipment that is crucial for their future careers in pharmacy. They appreciated the hands-on approach and the expertise shared by the faculty members. Many students highlighted that this experience significantly enhanced their understanding of pharmaceutical processes.

Conclusion

The visit to Maharaja Agrasen University was a resounding success, fostering collaboration between Gautam College of Pharmacy and Maharaja Agrasen University. The practical demonstrations not only enriched the students' knowledge but also strengthened their skills in using advanced pharmaceutical equipment. This initiative under the MoU marks a significant step towards bridging academic learning with practical application in the field of pharmacy.

Acknowledgments

We would like to extend our heartfelt thanks to the administration and faculty of Maharaja Agrasen University for their hospitality and support during this visit. Special thanks to Dr. Mona Piplani, Dr. Rajesh Kumar, Dr. Prof Shiv Kumar Giri, Dr. Jyoti Sharma, and Dr. Pankaj Bhateja for their valuable contributions to making this event a success.

Report on Baddi University Visit

Date: 23/10/2024

Organized by: Gautam College of Pharmacy
Supported by: IQAC

The purpose of this visit was to explore the academic programs, facilities, and student life at Baddi University. Our goal was to gain insights into the educational environment and the opportunities available for students pursuing a degree in pharmacy.

Overview of the College

- **Established:** 2002
- **Accreditation:** AICTE, PCI, UGC.
- **Programs Offered:** PhD in Pharmacy, Bachelor in Pharmacy, Postgraduate programs, etc.

Facilities Tour

We began the visit with a guided tour of the campus, which included:

1. **Laboratories:**
 - State-of-the-art pharmaceutical sciences labs equipped for practical training in drug formulation and compounding.
 - Simulation labs that provide experiential learning opportunities in clinical settings.
2. **Library:**
 - A comprehensive resource center with access to pharmacy journals, textbooks, and digital databases.
3. **Lecture Halls:**
 - Modern classrooms with advanced audiovisual technology to facilitate interactive learning.
4. **Student Centers:**
 - Areas dedicated to student engagement, including study spaces, meeting rooms, and recreational facilities.

GAUTAM COLLEGE OF PHARMACY HAMIRPUR (H.P)

(Approved by PCI - New Delhi & Himachal Government)

Affiliated to Himachal Pradesh Technical University, Hamirpur & Himachal Pradesh Takniki Shiksha Board, Dharamshala

Academic Programs

- The college offers a rigorous curriculum emphasizing both theoretical knowledge and practical skills.
- Key subjects covered include pharmacology, medicinal chemistry, pharmacotherapy, and clinical pharmacy practice.
- Opportunities for experiential learning through internships and clinical rotations were highlighted.

Faculty and Staff

- Faculty members are experienced professionals with diverse backgrounds in academia and industry.

GAUTAM COLLEGE OF PHARMACY HAMIRPUR (H.P)

(Approved by PCI - New Delhi & Himachal Government)

Affiliated to Himachal Pradesh Technical University, Hamirpur & Himachal Pradesh Technical Shiksha Board, Dharamshala

- The staff is dedicated to student success, offering mentorship and career guidance.

Student Life

- Various student organizations and associations related to pharmacy and healthcare, fostering networking and professional development.
- Opportunities for community service and outreach programs that allow students to engage with the public.

Admissions and Financial Aid

- Admission requirements, including prerequisites and application deadlines, were discussed.
- Information on scholarships, grants, and financial aid resources was provided.

Conclusion

The visit to Baddi University was informative and inspiring. The college's commitment to academic excellence, student support, and community engagement was evident. This experience will aid in making informed decisions about pursuing a pharmacy education.

Recommendations

- Consider further engagement with current students to gather firsthand experiences.
- Explore specific faculty research interests that align with personal academic goals.

Next Steps:

- Follow up with admissions for more detailed program information.
- Attend upcoming webinars or information sessions.

Report on Oxygen analytical Laboratories Visit

Date: 23/10/2024

Organized by: Gautam College of Pharmacy
Supported by: IQAC

Purpose of Visit:

The primary objective of this visit was to gain insights into the analytical industry, understand the latest technologies, and observe practical applications in a professional setting.

Overview of the Facility

The facility we visited specializes in "chemical analysis, environmental testing, quality testing, etc". It is equipped with state-of-the-art analytical instruments and employs a team of experienced professionals dedicated to maintaining high standards of accuracy and reliability.

Key Areas of Focus

1. Technological Innovations:

- **Instrumentation:** We observed advanced instruments such as HPLC, GC-MS, NMR, etc. A demonstration showed how these technologies enhance accuracy and efficiency in analyses.
- **Data Management:** The facility utilizes advanced software or systems for data analysis and reporting, emphasizing the importance of data integrity.

2. Quality Control Procedures:

- The visit included an overview of the stringent quality control measures in place. This ensures compliance with industry standards.
- We learned about routine calibration and maintenance schedules for the equipment to ensure consistent performance.

3. Research and Development:

- The R&D department is focused on developing new analytical methods to address emerging industry needs. We discussed ongoing projects that aim to improve the sensitivity and specificity of various tests.

4. Sustainability Practices:

- The facility has implemented sustainable practices, including waste reduction, energy-efficient processes. This reflects a commitment to environmental responsibility in analytical processes.
