Subject - Permission for organizing a seminar on World Population Day in Campus on 11th July 2024.

Respected Sir,

I am writing to inform you about an upcoming event that we are planning to organize at Gautam College of Pharmacy on World Population Day.

The details of the event are as follows:

Date: 11th July 2024, Time: 11:30Am-12:30Pm

We have planned a series of activities and initiatives to engage students, faculty members, and staff in discussions and awareness campaigns related to World Population Day.

On 11th July 2024, Gautam College of Pharmacy, Hamirpur organized a commendable World Population Day on its premises. The event aimed to contribute seeks to foster global cooperation and mobilize resources to address population challenges and achieve a more sustainable and equitable future for all.

We believe that this seminar will not only help in creating awareness but also provide a platform for open discussions and collaborations among students, faculty members, and other stakeholders.

We request you to support in organizing and promoting this event. Your valuable suggestions and guidance will be highly appreciated as we will work together towards making this event successful.

We look forward to your positive response and active participation in making this event a memorable one.

Thank you for your attention and support.

Yours sincerely,

Nandha

A SEMINAR REPORT ON WORLD POPULATION DAY AT GAUTAM

COLLEGE OF PHARMACY, HAMIRPUR

ORGANIZED BY: GAUTAM COLLEGE OF PHARMACY, HAMIRPUR

SUPPORTED BY: IQAC (Internal Quality Assurance Cell)

Date: 11/07/2024

INTRODUCTION

World Population Day is observed globally on July 11th every year to raise awareness about global population issues. It aims to focus attention on the urgency and importance of population issues, including their relations to the environment and development.

LECTURE OVERVIEW

The lecture featured an insightful lecture delivered by all the guest speakers. The online session aimed to educate students and faculty members about the contribution seeks to foster global cooperation and mobilize resources to address population challenges and achieve a more sustainable and equitable future for all. The lecture was attended by approximately 100 individual, including students, faculty and staff members.

OBJECTIVE

Raise Awareness: Increase awareness among the global community about population issues, including their implications for sustainable development, environment, and socio-economic well-being.

Advocate for Policies: Advocate for policies and programs that promote reproductive health and rights, gender equality, and access to family planning services.

Empower Individuals: Empower individuals, particularly women and young people, with information and resources to make informed decisions about their reproductive health and family planning.

Highlight Challenges: Highlight the challenges posed by rapid population growth, aging populations, migration trends, and their impacts on societies, economies, and the environment.

Promote Dialogue: Foster dialogue and discussions among governments, civil society organizations, academia, and the private sector on population issues and their linkages to broader development goals.

Mobilize Action: Mobilize resources and partnerships to support countries in implementing population-related policies and programs that are in line with sustainable development objectives.

CURRENT SITUATION

As of 2024, the global population is approximately 7.9 billion people and continues to grow. While population growth rates have slowed in many regions, the sheer number of people presents challenges such as resource depletion, environmental degradation, and socio-economic disparities. Issues like access to education, healthcare, and employment opportunities are exacerbated by population dynamics.

CHALLENGES AND OPPORTUNITIES

World Population Day serves as a reminder of the need for sustainable development policies that can accommodate growing populations while preserving the environment. It calls for investment in healthcare, education, and gender equality to empower individuals and communities to make informed choices about family planning and reproductive health.

GLOBAL EFFORTS

Various international organizations, governments, and non-governmental organizations (NGOs) participate in World Population Day by organizing events, campaigns, and advocacy initiatives. These efforts aim to raise awareness, promote policies, and mobilize resources to address population-related challenges and achieve the Sustainable Development Goals (SDGs).

ACTIVITIES UNDERTAKEN

Inaugural Session: The lecture commenced with a welcome address by the principal of Gautam College of Pharmacy, who emphasized the World Population Day.

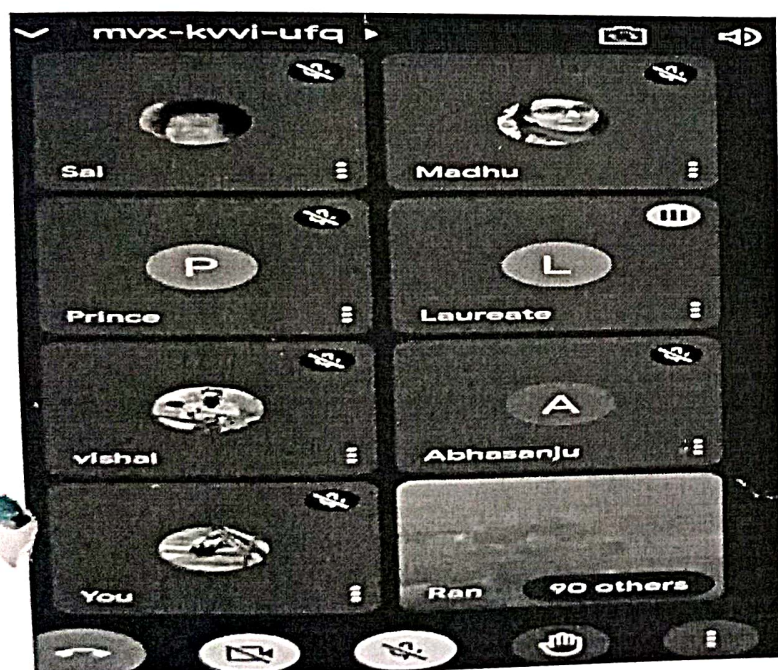

Expert Lecture: All the guest speakers delivered an in-depth lecture covering various aspects of World Population Day and contribute seeks to foster global cooperation and mobilize resources to address population challenges and achieve a more sustainable and equitable future for all.

Q&A Session: following the lecture and interactive question and answer session was held, where participants had the opportunity to engage directly with all the guest speakers.

CONCLUSION

World Population Day is an important occasion to reflect on the implications of population growth and to advocate for policies and actions that promote sustainable development and improve the quality of life for all. It underscores the interconnectedness of population dynamics with broader global issues and emphasizes the importance of informed decision-making and collective action.

By commemorating World Population Day, we renew our commitment to creating a world where every individual has the opportunity to thrive in harmony with the planet's resources.
